Clarion Congress Hotel Prague****

About US...

We are one of the most modern congress hotels in the Czech Republic. We can accommodate more than 1000 guests and offer space for up to 2500 congress participants.

Our vision

Join Pure Stay is our internal environmental program for the entire CPI Hotels chain, which ensures a balance between nature and hotel operations. Our aim is to reduce our carbon footprint throughout the chain, as well as to ensure harmony with nature and transparency towards our guests.

Waste

Our composter processes up to 10 000 kg of waste per year (27 kg/day).

- we minimize and sort waste
- we also motivating our guests
- we compost leftovers

Energy

The solar power plant is able to cover 30% of the hotel's annual consumption.

As of 2024, the hotel building obtains part of its electricity from renewable sources.

Solar power plant

The installation of a photovoltaic power plant on the roof of the hotel with a capacity of 312.4 kWp was completed in 2024.

Smart technologies

We are introducing a complex system of LED lighting throughout the building, we are acquiring charging stations for electric vehicles.

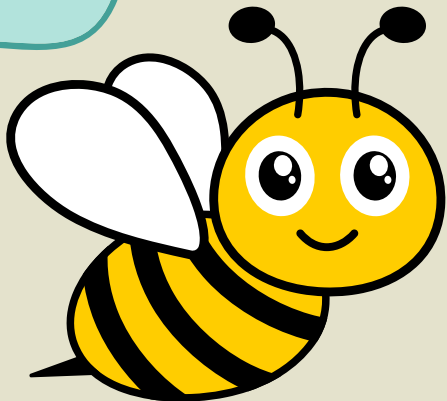

Daily operations

We prefer to purchase only energy-efficient appliances.

In 2023, our bees produced over 500 kg of honey.

Bees onsite?

We have our own beehive right on the roof of the hotel! We started with 4 and currently have 14 beehives.

In addition to the bees, we also have a herb garden on the roof. Our chef uses the herbs in the kitchen and in restaurants.
